Index to Volume 21: Subject

Abuse
Factors influencing homelessness in women (Anderson and Rayens), 12

Access
Health care in Appalachia: a population-based approach (Huttlinger et al), 103

Acquired immunodeficiency syndrome
Correlates of intent for repeat HIV testing among low-income women attending an urgent care clinic in the urban south (Crosby et al), 419
Evaluation of needle exchange programs (Delgado), 171
Knowledge and attitudes of nurses working in sexual health clinics in the United Kingdom toward post-sexual exposure prophylaxis for HIV infection (Hayter), 66
Physical and psychosocial health in family caregiving: a comparison of AIDS and cancer caregivers (Stetz and Brown), 533

Adolescence
Autonomy and adolescence: a concept analysis (Spear and Kulbok), 144
The Baby Think It OverTM experience to prevent teen pregnancy: a postintervention evaluation (Didion and Gatzke), 331
Barriers to effective contraception and strategies for overcoming them among adolescent mothers (Breheny and Stephens), 220
Collaboration between nurses and agricultural teachers to prevent adolescent agricultural injuries: the agricultural disability awareness and risk education model (Reed and Kidd), 323
Family matters: how mothers of adolescent parents experience adolescent pregnancy and parenting (Dallas), 347
Health risk behavior assessment: nutrition, weight, and tobacco use in one urban seventh-grade class (Dowdell and Santucci), 128
Influences on adolescent self-esteem in multicultural Canadian secondary schools (Khanlou), 404

Advanced community/public health nursing practice
Does advanced community/public health nursing practice have a future? (Robertson), 495

Africa
Public health nurses' perspectives on collaborative partnerships in South Africa (Ansari et al), 277

African Americans
The Black-White perception gap and health disparities research (Carlson and Chamberlain), 372
An intervention study to increase colorectal cancer knowledge and screening among community elders (Powe et al), 435

Aged
Comparisons of motivation, health behaviors, and functional status among elders in residential homes in Korea (Song et al), 361
Effectiveness of home visit falls prevention strategy for Taiwanese community-dwelling elders: randomized trial (Huang and Acton), 248
The efficacy of a home-based nursing program in diabetic control of elderly people with diabetes mellitus living alone (Huang et al), 49
Health care needs of elderly in a rural community in Korea (Ahn and Kim), 153
An intervention study to increase colorectal cancer knowledge and screening among community elders (Powe et al), 435

Agriculture
Collaboration between nurses and agricultural teachers to prevent adolescent agricultural injuries: the agricultural disability awareness and risk education model (Reed and Kidd), 323

AIDS; see Acquired immunodeficiency syndrome

Alcohol counseling
Alcohol counseling as part of general wellness counseling (Sieck et al), 137

Appalachia
Health care in Appalachia: a population-based approach (Huttlinger et al), 103

Application of research
Integrating research into teaching public health nursing (Ervin and Cowell), 183

Asthma
Evaluating the needs of children with asthma in home care: the vital role of nurses as caregivers and educators (Navaie-Waliser et al), 306

Australia
The scope of private practice nursing in an Australian sample (Wilson et al), 488

Autonomy
Autonomy and adolescence: a concept analysis (Spear and Kulbok), 144
Factors influencing homelessness in women (Anderson and Rayens), 12

Blacks; see African Americans

Blood lipid
The efficacy of a home-based nursing program in diabetic control of elderly people with diabetes mellitus living alone (Huang et al), 49

Canada
A comparison of health practices of Canadian and Jordanian nursing students (Haddad et al), 85

Cardiovascular disease
Cardiovascular disease: application of a composite risk index from the Telehealth system in a district community (Yip et al), 524
Eating patterns and cardiovascular disease risk in a Detroit Mexican American population (Artinian et al), 425

Caregiving
Evaluating the needs of children with asthma in home care: the vital role of nurses as caregivers and educators (Navaie-Waliser et al), 306

Informal caregiving burden: an overlooked aspect of the lives and health of women transitioning from welfare to employment? (Kneipp et al), 24
Physical and psychosocial health in family caregiving: a comparison of AIDS and cancer caregivers (Stetz and Brown), 533

Cervical cancer
A Pap test screening clinic in a South Asian community of Vancouver, British Columbia: challenges to maintaining utilization (Grewal et al), 412

Child abuse
Child abuse prevention in Japan: an approach to screening and intervention with mothers (Kayama et al), 513

Child behavior
Diet and behavior in at-risk children: evaluation of an early intervention program (Worobey et al), 122
The interaction model of client health behavior as a conceptual guide in the explanation of children's health behaviors (Robinson and Thomas), 73
Parenting stress, marital quality, and child behavior problems at age 7 years (Benzies et al), 111

Children
Evaluating the needs of children with asthma in home care: the vital role of nurses as caregivers and educators (Navaie-Waliser et al), 306
The interaction model of client health behavior as a conceptual guide in the explanation of children's health behaviors (Robinson and Thomas), 73

China
Reliability and validity of the Chinese version of the worry scale (Shiu and Wong), 257

Client outcomes
Workplace variables and their relationship to quality client outcomes in home health (Kroposki and Alexander), 555

Clinical knowledge
Getting your feet wet: becoming a public health nurse, Part 1 (SmithBattle et al), 3
Moving upstream: Becoming a public health nurse, Part 2 (SmithBattle et al), 95

Coalition
Public health nurses' perspectives on collaborative partnerships in South Africa (Ansari et al), 277

Colorectal cancer
An intervention study to increase colorectal cancer knowledge and screening among community elders (Powe et al), 435

Community assessment
Cardiovascular disease: application of a composite risk index from the Telehealth system in a district community (Yip et al), 524

Community-based education
Essential concepts in developing community-university partnerships CareLink: the partners in caring model (Bernal et al), 32

Community health nursing; see Public health nursing

Community planning
Using geographic information systems to design population-based interventions (Caley), 547

Community/public health nurse specialist
Does advanced community/public health nursing practice have a future? (Robertson), 495
The evolution of the community health nurse practitioner in Korea (Cho and Kashka), 287

Community-university partnership
Essential concepts in developing community-university partnerships CareLink: the partners in caring model (Bernal et al), 32

Competencies
From function to competency in public health nursing, 1931 to 2003 (Abrams), 507

Conflict
Factors influencing homelessness in women (Anderson and Rayens), 12

Constructed knowing
Public health nursing in Ireland: a critical overview (Clarke), 191

Contraception
Barriers to effective contraception and strategies for overcoming them among adolescent mothers (Breheny and Stephens), 220
Personal narratives of adolescent mothers-to-be: contraception, decision making, and future expectations (Spear), 338

Cost
Health care in Appalachia: a population-based approach (Huttlinger et al), 103

Counseling
Alcohol counseling as part of general wellness counseling (Sieck et al), 137

Culture
A comparison of health practices of Canadian and Jordanian nursing students (Haddad et al), 85

CVD patients
Predictors of home health care services for cerebral vascular disease patients in Taiwan (Li and Chang), 41

Decision making
Personal narratives of adolescent mothers-to-be: contraception, decision making, and future expectations (Spear), 338

Democracy
Helping people is a democratic process (King), 572

Dental and visual services
Health care in Appalachia: a population-based approach (Huttlinger et al), 103

Diabetes mellitus
The efficacy of a home-based nursing program in diabetic control of elderly people with diabetes mellitus living alone (Huang et al), 49
Reliability and validity of the Chinese version of the worry scale (Shiu and Wong), 257

Disease detection
Homeless persons' decisions to accept or reject public health disease-detection services (Swigart and Kolb), 162
Douching
Maternal bacterial vaginosis and fetal/infant mortality in eight Florida counties, 1999 to 2000 (Cottrell and Shannahan), 395

Eating patterns
Eating patterns and cardiovascular disease risk in a Detroit Mexican American population (Artinian et al), 425
Editorials
Competent (Hays), 393
Defining ourselves (Abrams), 93
Looking forward (Abrams and Hays), 1
The nurse stump (Hays), 199
Prescription for a healthy future (Abrams), 295
Public money, public values (Abrams), 511
Education
Childhood vaccine risk/benefit communication among public health clinics: a time-motion study (Davis et al), 228
Collaboration between nurses and agricultural teachers to prevent adolescent agricultural injuries: the agricultural disability awareness and risk education model (Reed and Kidd), 323
Evaluating the needs of children with asthma in home care: the vital role of nurses as caregivers and educators (Navaie-Waliser et al), 306
How much public health in public health nursing practice? (Grumbach et al), 266
Public health education and practice using geographic information system technology (Riner et al), 57
Elderly; see Aged
Epidemiology
From miasma to fractals: the epidemiology revolution and public health nursing (MacDonald), 380
Ethnic groups
A Pap test screening clinic in a South Asian community of Vancouver, British Columbia: challenges to maintaining utilization (Grewal et al), 412
Evaluation
Public health nurses' perspectives on collaborative partnerships in South Africa (Ansari et al), 277
Qualitative evaluation of South Carolina's Postpartum/Infant Home Visit Program (Wager et al), 541
Evidence-based
Population-based public health interventions: practice-based and evidence-supported. Part I (Keller et al), 453
Exercise
Comparisons of motivation, health behaviors, and functional status among elders in residential homes in Korea (Song et al), 361
The interaction model of client health behavior as a conceptual guide in the explanation of children's health behaviors (Robinson and Thomas), 73

Faculty research
Integrating research into teaching public health nursing (Ervin and Cowell), 183
Families
An evaluation of a volunteer-support program for families at risk (Kelleher and Johnson), 297
Physical and psychosocial health in family caregiving: a comparison of AIDS and cancer caregivers (Stetz and Brown), 533
Family caregivers
Evaluating the needs of children with asthma in home care: the vital role of nurses as caregivers and educators (Navaie-Waliser et al), 306
Physical and psychosocial health in family caregiving: a comparison of AIDS and cancer caregivers (Stetz and Brown), 533
Father involvement
Family matters: how mothers of adolescent parents experience adolescent pregnancy and parenting (Dallas), 347
Fetal mortality
Maternal bacterial vaginosis and fetal/infant mortality in eight Florida counties, 1999 to 2000 (Cottrell and Shannahan), 395
Function
From function to competency in public health nursing, 1931 to 2003 (Abrams), 507
Future
Personal narratives of adolescent mothers-to-be: contraception, decision making, and future expectations (Spear), 338

Gender
Influences on adolescent self-esteem in multicultural Canadian secondary schools (Khanlou), 404
Geographic information systems (GIS)
Public health education and practice using geographic information system technology (Riner et al), 57
Using geographic information systems to design population-based interventions (Caley), 547
Grandmothers
Family matters: how mothers of adolescent parents experience adolescent pregnancy and parenting (Dallas), 347

Health behavior
Autonomy and adolescence: a concept analysis (Spear and Kulbok), 144
Comparisons of motivation, health behaviors, and functional status among elders in residential homes in Korea (Song et al), 361
Health care in Appalachia: a population-based approach (Huttlinger et al), 103
Healthy behaviors and sources of health information among low-income pregnant women (Lewallen), 200

Health care access
Barriers to effective contraception and strategies for overcoming them among adolescent mothers (Breheny and Stephens), 220
Health disparities
The Black-White perception gap and health disparities research (Carlson and Chamberlain), 372
Health information sources
Healthy behaviors and sources of health information among low-income pregnant women (Lewallen), 200
Health policy
An active learning experience in health policy for Baccalaureate nursing students (Byrd et al), 501
Health post
The evolution of the community health nurse practitioner in Korea (Cho and Kashka), 287
Health promotion
A comparison of health practices of Canadian and Jordanian nursing students (Haddad et al), 85
Homeless persons' decisions to accept or reject public health disease-detection services (Swigart and Kolb), 162
A Pap test screening clinic in a South Asian community of Vancouver, British Columbia: challenges to maintaining utilization (Grewal et al), 412
School-based youth health nurses: roles, responsibilities, challenges, and rewards (Barnes et al), 316
Health-related decisions
Homeless persons' decisions to accept or reject public health disease-detection services (Swigart and Kolb), 162
Hepatitis
Evaluation of needle exchange programs (Delgado), 171
HHC service need
Predictors of home health care services for cerebral vascular disease patients in Taiwan (Li and Chang), 41
History
The evolution of the community health nurse practitioner in Korea (Cho and Kashka), 287
From function to competency in public health nursing, 1931 to 2003 (Abrams), 507
From miasma to fractals: the epidemiology revolution and public health nursing (MacDonald), 380
Helping people is a democratic process (King), 572
Public health nursing in Ireland: a critical overview (Clarke), 191
HIV
Correlates of intent for repeat HIV testing among low-income women attending an urgent care clinic in the urban south (Crosby et al), 419
Knowledge and attitudes of nurses working in sexual health clinics in the United Kingdom toward post-sexual exposure prophylaxis for HIV infection (Hayter), 66
Home care
Effectiveness of home visit falls prevention strategy for Taiwanese community-dwelling elders: randomized trial (Huang and Acton), 248
The efficacy of a home-based nursing program in diabetic control of elderly people with diabetes mellitus living alone (Huang et al), 49
Evaluating the needs of children with asthma in home care: the vital role of nurses as caregivers and educators (Navaie-Waliser et al), 306
Getting your feet wet: becoming a public health nurse, Part 1 (SmithBattle et al), 3
Nurse home visits to maternal-child clients: a review of intervention research (McNaughton), 207
Predictors of home health care services for cerebral vascular disease patients in Taiwan (Li and Chang), 41
Workplace Variables and Their Relationship to Quality Client Outcomes in Home Health (Kroposki and Alexander), 555
Homeless
Development of a Student Nurses' Clinic for Homeless Men (Wilde et al), 354
Factors influencing homelessness in women (Anderson and Rayens), 12
Homeless persons' decisions to accept or reject public health disease-detection services (Swigart and Kolb), 162

Immigrants
Latino immigrants' knowledge of tuberculosis (Ailinger et al), 519
Maternal depression and anxiety and infant development: a comparison of foreign-born and native-born mothers (Foss et al), 237
A Pap test screening clinic in a South Asian community of Vancouver, British Columbia: challenges to maintaining utilization (Grewal et al), 412
Immunization
Childhood vaccine risk/benefit communication among public health clinics: a time-motion study (Davis et al), 228
Infant development
Maternal depression and anxiety and infant development: a comparison of foreign-born and native-born mothers (Foss et al), 237
Infant mortality
Maternal bacterial vaginosis and fetal/infant mortality in eight Florida counties, 1999 to 2000 (Cottrell and Shannahan), 395
Infant simulators
The Baby Think It Over™ experience to prevent teen pregnancy: a postintervention evaluation (Didion and Gatzke), 331
Injury
Collaboration between nurses and agricultural teachers to prevent adolescent agricultural injuries: the agricultural disability awareness and risk education model (Reed and Kidd), 323
Interaction Model of Client Health Behavior
The interaction model of client health behavior as a conceptual guide in

the explanation of children's health behaviors (Robinson and Thomas), 73

Intervention study
Effectiveness of home visit falls prevention strategy for Taiwanese community-dwelling elders: randomized trial (Huang and Acton), 248
An intervention study to increase colorectal cancer knowledge and screening among community elders (Powe et al), 435

Intimacy
Factors influencing homelessness in women (Anderson and Rayens), 12

Ireland
Public health nursing in Ireland: a critical overview (Clarke), 191

Japan
Child abuse prevention in Japan: an approach to screening and intervention with mothers (Kayama et al), 513

Job satisfaction
Organizational structure and job satisfaction in public health nursing (Campbell et al), 564

Jordan
A comparison of health practices of Canadian and Jordanian nursing students (Haddad et al), 85

Knowledge
An intervention study to increase colorectal cancer knowledge and screening among community elders (Powe et al), 435
Latino immigrants' knowledge of tuberculosis (Ailinger et al), 519

Korea
Comparisons of motivation, health behaviors, and functional status among elders in residential homes in Korea (Song et al), 361
The evolution of the community health nurse practitioner in Korea (Cho and Kashka), 287
Health care needs of elderly in a rural community in Korea (Ahn and Kim), 153

Latino
Latino immigrants' knowledge of tuberculosis (Ailinger et al), 519

Lead
Diet and behavior in at-risk children: evaluation of an early intervention program (Worobey et al), 122

Learning experiences
An active learning experience in health policy for Baccalaureate nursing students (Byrd et al), 501
Integrating research into teaching public health nursing (Ervin and Cowell), 183

Longitudinal research
Parenting stress, marital quality, and child behavior problems at age 7 years (Benzies et al), 111

Low-income
Correlates of intent for repeat HIV testing among low-income women attending an urgent care clinic in the urban south (Crosby et al), 419
Healthy behaviors and sources of health information among low-income pregnant women (Lewallen), 200

LTBI
Latino immigrants' knowledge of tuberculosis (Ailinger et al), 519

Marital quality
Parenting stress, marital quality, and child behavior problems at age 7 years (Benzies et al), 111

Maternal stress
Maternal depression and anxiety and infant development: a comparison of foreign-born and native-born mothers (Foss et al), 237

Medicaid
Qualitative evaluation of South Carolina's Postpartum/Infant Home Visit Program (Wager et al), 541

Mental health promotion
Influences on adolescent self-esteem in multicultural Canadian secondary schools (Khanlou), 404

Mexican Americans
Eating patterns and cardiovascular disease risk in a Detroit Mexican American population (Artinian etal), 425

Minority
Correlates of intent for repeat HIV testing among low-income women attending an urgent care clinic in the urban south (Crosby et al), 419

Minority health
Integrating research into teaching public health nursing (Ervin and Cowell), 183

Mothers' feelings
Child abuse prevention in Japan: an approach to screening and intervention with mothers (Kayama et al), 513

Mothers; see Parenting; Women

Motivation
Comparisons of motivation, health behaviors, and functional status among elders in residential homes in Korea (Song et al), 361

Multicultural
Influences on adolescent self-esteem in multicultural Canadian secondary schools (Khanlou), 404

Munich Declaration
Public health nursing in Ireland: a critical overview (Clarke), 191

Narrative
Public health nursing in Ireland: a critical overview (Clarke), 191

Needle exchange
Evaluation of needle exchange programs (Delgado), 171

Network
Public health nurses' perspectives on collaborative partnerships in South Africa (Ansari et al), 277

Nurse entrepreneurs
The scope of private practice nursing in an Australian sample (Wilson et al), 488

Nurses' attitudes
Knowledge and attitudes of nurses working in sexual health clinics in the United Kingdom toward post-sexual exposure prophylaxis for HIV infection (Hayter), 66

Nurses' perspectives
Qualitative evaluation of South Carolina's Postpartum/Infant

Home Visit Program (Wager et al), 541

Nursing
A comparison of health practices of Canadian and Jordanian nursing students (Haddad et al), 85
Evaluating the needs of children with asthma in home care: the vital role of nurses as caregivers and educators (Navaie-Waliser et al), 306
Health risk behavior assessment: nutrition, weight, and tobacco use in one urban seventh-grade class (Dowdell and Santucci), 128

Nursing roles and responsibilities
School-based youth health nurses: roles, responsibilities, challenges, and rewards (Barnes et al), 316

Nursing science
An active learning experience in health policy for Baccalaureate nursing students (Byrd et al), 501
From miasma to fractals: the epidemiology revolution and public health nursing (MacDonald), 380

Nursing shortage
Organizational structure and job satisfaction in public health nursing (Campbell et al), 564

Nutrition and diet
Diet and behavior in at-risk children: evaluation of an early intervention program (Worobey et al), 122
Eating patterns and cardiovascular disease risk in a Detroit Mexican American population (Artinian et al), 425
Health risk behavior assessment: nutrition, weight, and tobacco use in one urban seventh-grade class (Dowdell and Santucci), 128
The interaction model of client health behavior as a conceptual guide in the explanation of children's health behaviors (Robinson and Thomas), 73

Older adults; see Aged

Organizational structure
Organizational structure and job satisfaction in public health nursing (Campbell et al), 564

Parenting
An evaluation of a volunteer-support program for families at risk (Kelleher and Johnson), 297
Personal narratives of adolescent mothers-to-be: contraception, decision making, and future expectations (Spear), 338

Parenting stress
Parenting stress, marital quality, and child behavior problems at age 7 years (Benzies et al), 111

Participation
Public health nurses' perspectives on collaborative partnerships in South Africa (Ansari et al), 277

Partnerships
Essential concepts in developing community-university partnerships CareLink: the partners in caring model (Bernal et al), 32
Public health nurses' perspectives on collaborative partnerships in South Africa (Ansari et al), 277

Patient/parent education
Childhood vaccine risk/benefit communication among public health clinics: a time-motion study (Davis et al), 228

Perinatal health
Using geographic information systems to design population-based interventions (Caley), 547

Physical activity; see Exercise

Physical development
Diet and behavior in at-risk children: evaluation of an early intervention program (Worobey et al), 122

Policy
An active learning experience in health policy for Baccalaureate nursing students (Byrd et al), 501
Helping people is a democratic process (King), 572

Population-based approach
Health care in Appalachia: a population-based approach (Huttlinger et al), 103

Population-based care
Moving upstream: Becoming a public health nurse, Part 2 (SmithBattle et al), 95

Population-based practice
Population-based public health interventions: innovations in practice, teaching, and management. Part II (Keller et al), 469
Population-based public health interventions: practice-based and evidence-supported. Part I (Keller et al), 453

Population focus
How much public health in public health nursing practice? (Grumbach et al), 266

Population health management
Does advanced community/public health nursing practice have a future? (Robertson), 495

Post-exposure prophylaxis
Knowledge and attitudes of nurses working in sexual health clinics in the United Kingdom toward post-sexual exposure prophylaxis for HIV infection (Hayter), 66

Postpartum/Infant Home Visit program
Qualitative evaluation of South Carolina's Postpartum/Infant Home Visit Program (Wager et al), 541

Poverty; see Low-income

Pregnancy
The Baby Think It OverTM experience to prevent teen pregnancy: a postintervention evaluation (Didion and Gatzke), 331
Barriers to effective contraception and strategies for overcoming them among adolescent mothers (Breheny and Stephens), 220
Family matters: how mothers of adolescent parents experience adolescent pregnancy and parenting (Dallas), 347
Healthy behaviors and sources of health information among low-income pregnant women (Lewallen), 200
Personal narratives of adolescent mothers-to-be: contraception, decision making, and future expectations (Spear), 338

Preterm
Parenting stress, marital quality, and child behavior problems at age 7 years (Benzies et al), 111

Prevention
Collaboration between nurses and agricultural teachers to prevent adolescent agricultural injuries: the agricultural disability awareness and risk education model (Reed and Kidd), 323
Primary care
Development of a Student Nurses' Clinic for Homeless Men (Wilde et al), 354
Primary health care
The evolution of the community health nurse practitioner in Korea (Cho and Kashka), 287
Private practice nursing
The scope of private practice nursing in an Australian sample (Wilson et al), 488
Program evaluation
